

Team Saskatchewan Pairs Scholarship

In an effort to provide more funding / scholarships to a wider group of athletes we will be providing scholarships for successful skills in approved Skater Development competitions that are verified by the technical panel. The rules and policies around this project are as follows:

1. The jump must be completed on one (1) foot by both athletes and verified by the technical panel in order for it to qualify for a scholarship.
2. If either jump has one (1) of the following mistakes as determined by the technical / judges' panel, the skaters will not be eligible for the scholarship.
 - a. << downgraded
 - b. < under-rotated
 - c. A reduction of -4 GOE by the majority of the judging panel (new 2018)
3. The charts below indicate the elements for each competitive category. The X's mean that the scholarship is not available. In the case of Junior, these jumps should already be a part of the skater's program.
4. The report cards, verifying successful elements must be submitted to the Section Office by the skater / coach within fourteen (14) days of the completion of the competition. A running report will be kept and scholarships will be sent out throughout the skating season.
5. This program only applies to members of Team Saskatchewan (Junior Development, Development, Competitive and High Performance Team Skaters) and only for the Skate Canada and / or USFSA sanctioned competitions for the current skating season (April 1st - March 31st)
6. The dollar amounts below are awarded to the pair as a team and therefore each athlete will receive half.
7. Skater's will only receive credit once for each successful jump regardless of competing category.
